English

About Me

I am a motivated and fast-learning Computer Technology graduate with a Certificate of Completion from New Horizons. Passionate about technology and problem-solving, I am eager to apply my knowledge to real-world IT projects, expand my skills, and contribute to innovative solutions. I value teamwork, attention to detail, and continuous learning to stay ahead in the tech industry.

Experience

Student Project - Health Monitoring Wearable Device

Designed a wrist-tied device using ATMEGA328P microcontroller and OLED display

Practical Training - New Horizons

Gained knowledge in network setup and router configuration concepts from CCNA
Learned the fundamentals of Windows Server installation, configuration, and administration
Gained knowledge in Android app development
Participated in practical lab exercises

Industrial Training (SIWES)

Gained knowledge in Customer Relationship Management (CRM) usage, system maintenance, and basic web development
Assisted in troubleshooting computer hardware and software issues
Participated in team tasks related to network setup and user support

Certifications

New Horizons - CompTIA A+ Core 1 & 2: Certified Secure Computer User (CSCU)
Windows Server: Android Development: CompTIA Network+
Cisco Certified Network Associate (CCNA)
freeCodeCamp - Legacy Responsive Web Design V8
HP LIFE - AI for Beginners
